Today's Program – Mike Rickman

Mike Rickman is the Assistant General Manager of the North Texas Municipal Water District (District) and has been employed with the District since October 2002. Mr. Rickman is directly responsible for the following District departments: Water Quality and Environmental Services, Permitting, Regulatory Compliance and Special Studies, Maintenance Services, and Real Estate and Property Acquisition.

The District was created in the 1950's to provide wholesale treated water to the areas north and east of Dallas. The District has added wastewater treatment and solid waste disposal services in its service area. The District's current service area covers approximately 2,000 square miles and continues to grow.

Prior to joining the District, Mike was employed by the City of Dallas Water Utilities Department for 33 years. He retired from Dallas in 2002 as the Assistant Director of Water Operations. In this capacity, Mike was responsible for the daily operation of a system that provided water to the 1M citizens of Dallas plus 19 surrounding cities. Some of the major functions required to provide this service include: Operation and maintenance of Dallas's raw water sources including Lake Ray Hubbard, the pump stations, and pipelines; Coordination with the: USACE for Lewisville Lake, Grapevine Lake, and Ray Roberts Lake, Sabine River Authority for Lake Tawakoni and Lake Fork, and Upper Neches River Authority for Lake Palestine; Three water treatment plants ranging in size from 150 MGD to 550 MGD; 21 major treated water pump stations; and Distribution system that included 5,000 miles of pipelines.

Mike and his wife, Pam, reside in Combine, Texas. They have three daughters, a son, and two grandchildren.

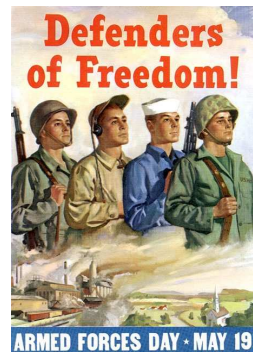

Armed Forces Day – May 17th

In the United States, **Armed Forces Day** is celebrated on the third Saturday in May. The day was created in 1949, and was a result of the consolidation of the military services in the Department of Defense. It was intended to replace the separate Army, Navy, Air Force, Marine

Corps, and Coast Guard Days, but observance of these days, especially within each particular service, continues to this day.

The first Armed Forces Day was celebrated by parades, open houses, receptions and air shows. Armed Forces Day is celebrated annually on the third Saturday of May, and Armed Forces Week begins on the second Saturday of May and ends on the third Sunday of May. Because of their unique training schedules, National Guard and Reserve units may celebrate Armed Forces Day/Week over any period in May. The purpose of Armed Forces day is to honor Americans serving in the five services - the Army, Navy, Marines, Air Force, and Coast Guard.

Heads Up! Programs and Events

May 28----- Cheryl Vaughan – Atty.
June 4----- Scott Dillashaw
June 11----- Bill Bilyeu
June 18----- Darrell Slabaugh, Executive Director of MEF
June 25----- Installation Dinner

Today's Thought – In Honor of Memorial Day

“True heroism is remarkably sober, very undramatic. It is not the urge to surpass all others at whatever cost, but the urge to serve others at whatever cost.”

- Arthur Ashe (1943-1993)

Upcoming Flag Work Dates

Our clubs first flag holiday is rapidly approaching. A big thanks to everyone who has helped with stuffing envelopes, new subscription sign ups, flag clean up, new installs, site prep, and all other jobs everyone has pitched in to get this years flag program rolling. We couldn't do it with out all the hard working and dedicated folks in our club and their family members that help as well, but there is still a little bit of work left to be done. The upcoming work dates are:

- Flag Loading for Rotary Partners at the Storage Shed on Friday, May 23 beginning at 5:00 PM until 7:00 PM.
- Flag Loading for Rotary Partners on Saturday morning, May 24 beginning at 7:30 AM until 8:30 AM
- Unload flags for Rotary Partners on Tuesday evening, May 27 beginning at 6:00 PM until 8:00 PM

This schedule is subject to change based on the weather, but please let Sandi know if you are able to help with any of these dates. The signup sheet will be passed around at today's meeting.

A woman woke in the middle of the night to find her husband missing from their bed. In the stillness of the house, she could hear a muffled sound downstairs. She went downstairs and looked around, still not finding her husband.

Listening again, she could definitely hear moaning. She went down to the basement where she finally found her husband crouched in the corner facing the wall, sobbing.

"What's wrong with you?" she asked him.

"Remember when your father caught us having sex when you were sixteen?" he replied. "And remember he said I had two choices: I could either marry you, or spend the next twenty years in prison."

Baffled, she said, "Yes, I remember, so what?"

The husband sobbed, "I would have gotten out today."
