Flag Day Coming up Soon.....

🇺🇸 As of today, we have **951 flag orders** for Flag Day. We are within 97 subscribers from our final count of 1048 on Veteran's Day in 2007.

🇺🇸 Pamela Zeigler-Petty and her assistant have agreed to monitor the Rotary Flag Answering Machine during our 2008 flag season. If any of you can help her, the phone number is 972-547-6437. Dial the number; listen to Tim's message, press 224 after the beep and press 1 to listen. Write down the name of the caller, phone number and the request. Return each person's phone call, and e-mail the request to Chuck Koehler.

After recording the information, respond to the prompts to erase messages so that you don't have to listen to them every time you dial the Rotary phone line.

🇺🇸 One more thing—we need strong backs to help load flags on Friday, June 13, between 5:00 – 7:00 PM, and on Saturday morning between 7:30 – 8:30 AM. Flags will be returned to the Storage Unit on Monday, June 16 between 6:00 – 8:00 PM and the Scouts will need help unloading and bundling flags for storage. Sign up for flag detail with Jeff Caserotti at Today's Rotary meeting.

🇺🇸 Rotarian teams are asked to complete the Site Preps for Renewals no later than Thursday, June 12. Please report to your Flag Team Coordinator and Flag Captain for your respective routes when you finish site preps. Sign up with Jeff this Wednesday to help load flags at the storage shed on Friday afternoon, 5:00 – 7:00 PM, or Saturday morning at 7:30 AM.

Today's Thoughts in Honor of.....

The Baseball Hall of Fame Birthday on June 12th

"No matter how good you are, you're going to lose one-third of your games. No matter how bad you are you're going to win one-third of your games. It's the other third that makes the difference."

Flag Day June 14th

"Citizens by birth or choice, of a common country, that country has a right to concentrate your affections. The name of AMERICAN, which belongs to you, in your national capacity, must always exalt the just pride of Patriotism, more than any appellation derived from local discriminations."

Camp Ryla

On Saturday, Bryan Northington and Gary Taylor had the privilege of delivering 4 deserving students to Camp RYLA. The attendees are Jessica Wellman and Charles Parker from McKinney North High School, and Aston Gelat and Juan Carrilo from McKinney Boyd High School.

An engineer dies and reports to hell. Pretty soon, the engineer becomes dissatisfied with the level of comfort in hell, and starts designing and building improvements. After a while, they've got air conditioning and flush toilets and escalators, and the engineer is a pretty popular guy.

One day God calls Satan up on the telephone and says with a sneer: "So, how's it going down there in hell?"

Satan replies: "Hey things are going great. We've got air conditioning and flush toilets and escalators, and there's no telling what this engineer is going to come up with next."

God replies: "What??? You've got an engineer? That's a mistake - he should never have gotten down there; send him up here."

Satan says: "No way. I like having an engineer on the staff, and I'm keeping him."

God says: "Send him back up here or I'll sue."

Satan laughs uproariously and answers: "Yeah, right. And just where are you going to get a lawyer?"

From Wilfrid J. Wilkinson

I wish that every Rotarian could have the opportunities to see Rotary in action that Joan and I have enjoyed over the past months. From India to France, Hong Kong to Brazil, the Philippines to Turkey, we witnessed Rotarians demonstrating, with great compassion and ingenuity, just how much *Rotary Shares*.

We saw incredible disaster relief efforts in Pakistan and had the chance to inaugurate one of seven schools being built there with contributions by Rotarians. In India, we surveyed the impressive results of Rotarian tsunami recovery projects. In Brazil, we visited a school supported by the Foundation of São Paulo Rotarians that offers academic and vocational education as well as a program for the hearing impaired. And we felt very proud when we saw what Houston Rotarians have done in establishing a four-star hotel for patients and families visiting the M.D. Anderson Cancer Center.

Another of the year's highlights was our North American membership conferences. These seven meetings drew many Rotarians eager to reverse the region's downward trend in membership. They shared ideas and left energized to strengthen their clubs' membership.

Peace conferences provided another source of great inspiration for Rotarians, who met in Bulgaria, India, Kenya, and Turkey to discuss the obstacles to peace in each of these regions and consider how Rotary clubs can offer practical solutions. In Canada and France, Rotarians organized conferences around the theme Peace Is Possible, drawing participants from neighboring countries to offer a valuable international perspective.

This month, we'll come together in Los Angeles for another important Rotary meeting – our 2008 RI Convention. I hope that many of you will take advantage of this opportunity to experience a little of the international fellowship that I've been so privileged to enjoy as RI president.

Throughout my travels this year, I met many people who congratulated me on Rotary's work to eradicate polio and to improve the quality of life in some of the world's poorest regions. I was especially struck by the words of Olafur Grimsson, the president of Iceland, who said to me: "Rotary has the right answer. Your organization includes men and women on an equal basis, and you have members from many countries who represent every race, color, and creed. So what the world must do is have more Rotarians."

I couldn't agree more.

Thank you all for your great work. Joan and I will never forget the 2007-08 Rotary year.

Last Weeks Meeting

Last week, member Scott Dillashaw spoke to our club about how the banking industry has been affected by the alleged stumbling economy. He discussed how the mortgage industry has been affected as well as the benefits of mortgage sellers/holders selling off the mortgages to other institutions. He spoke also of the precarious state of current and future development in our area. For those that weren't there, you missed a bit of insight into the state of our local economy.
