Community Service

Community service is one of the Avenues of Service which encourages Rotarians to offer service to their communities. Every Rotary club and every Rotarian assumes a responsibility to find ways to improve the quality of life for those in their communities and to serve the public interest.

- Encouraging and fostering the ideal of service to the personal, business and community life of every Rotarian.
- Opportunities for every Rotarian to exemplify “Service Above Self”.
- A chance to respond to the needs of a local community.
- Are relevant to the community
- Serve as a learning experience for Rotarians
- Identify a Rotary club’s role in its community
- Determine how Rotarians can help with the resources at hand

The district Community Service chair coordinates and promotes club community service projects within the district.

The chair::

- works with clubs;
- encourages district-wide participation;
- shares information and ideas with Rotarians in the district.

Future Vision

The arrival of Future Vision on July 1, 2013 will completely change the methods we've become accustomed to concerning Matching Grants, District Grants, teams and scholars. Our district will have a record \$75,000 for grants in the 2013/2014 Rotary year.

Saturday, February 9, we will hold a seminar to explain and educate members on the new processes and procedures. Additionally, the attendance at this meeting will authorize their club members to submit grant requests.

The seminar will be held in lieu of the regularly scheduled Roundtable meeting. It will begin with a registration and a social gathering at 9:30AM. The seminar will begin at 10:00AM and end by 12:00PM. It will be held at the Plano Chamber of Commerce, 1200 E. 15th St., Plano. There is no charge for the event. The location is SMU Plano Campus, 5228 Tennyson Pkwy Plano, TX 75024 from 9 am until 2 pm.

Rotarians team up with students to provide clean water

Growing up in an affluent community near Lake Michigan, Connor Kenehan never had to worry about a lack of clean water. But when a class assignment opened his eyes to global disparities in water access, he decided to help those who don't have the benefit of proximity.

Kenehan founded an organization called Well Being while researching water and sanitation issues for an eighth-grade project at Deer Path Middle School in Lake Forest, Illinois, USA. Four years later, he has turned the assignment into a platform to raise funds for clean water efforts. "Living in an area with great access to fresh water, we take it for granted," he says.

Powerful allies

Early on, Kenehan realized that Rotarians could be powerful allies in the fight for safe water. "My friend and I were in Lake Forest with a poster, talking to people and asking for donations, and a Rotarian stopped by," he recalls. "He asked if we'd want to come to a Rotary club meeting." After the Rotary Club of Lake Forest-Lake Bluff voted to match the funds Kenehan had already raised, he gave \$3,000 to a Rotarian initiative in Minorca, Spain, that sends LifeStraws to villages in Africa. Each inexpensive and lightweight personal water filter can remove more than 99 percent of waterborne bacteria and parasites from up to 264 gallons of water.

As Kenehan further explored global health issues and established contacts in the field, Well Being gained credibility. His parents pitched in: Bob Kenehan, now a member of the Lake Forest-Lake Bluff club, designed a logo, and JoAnn Lucas assisted with a business plan and mission statement. Rotarians are helping Kenehan direct funds to where they're most needed. In his search for water projects, he has relied on the Water and Sanitation Rotarian Action Group, which screens service efforts and connects donors to Rotarians and projects around the world, such as freshwater wells in Guatemala and Zambia and rainwater harvesting initiatives in India and Kenya.

Most recently, Kenehan and Rotarians worked with Deer Path students on Well Being's biggest fundraiser yet. The school's annual walkathon in May raised money for several charities, including \$2,500 for the Lake Forest-Lake Bluff club, which plans to work with the Rotarian Action Group and Well Being to fund two well projects in Nigeria. Only 43 percent of rural Nigerians have access to improved drinking water sources, such as pipelines and protected wells. (The average for sub-Saharan countries is 61 percent; the United States has 99 percent coverage).

"When I went to the middle school," Kenehan says, "I took one of those big orange buckets, and I asked the kids, 'How long do you think 5 gallons would last in the shower? How many toilet flushes?'" That visual aid caught the students' attention. When they voted on walkathon beneficiaries, the Lake Forest-Lake Bluff club took second place.

Ken Smith, a fifth-grade teacher and a student council supervisor at Deer Path, says the kids were attracted to Rotary's water and sanitation efforts because a single well project would yield tangible results. "What I liked about Rotary was that we wanted to see pictures, see something built, so that next year we'd be able to show the kids what their efforts

accomplished,” Smith says. “We want kids to see that they’re making a difference, and why it’s important.”

Eyes on the future

“When Rotary entered the picture, the kids got excited because there were actual projects available for their funding,” says club president Tim Newman. “Now we’re trying to take that \$2,500 and see how big we can make it.” The club has already matched the students’ donation, and corporate sponsorship from Rotarian Action Group partners could quadruple the sum.

Now, all eyes are on the future. Newman hopes to forge a multiyear collaboration with students at Deer Path. Smith, the son of a Rotarian, hopes that last year’s experience will inspire them to incorporate Rotary into their fundraising efforts for years to come.

“I want to keep it going,” says Kenehan, now a freshman at Johns Hopkins University, where he plans to focus on international studies. “I want to do what I can to make sure this issue doesn’t sink down to the bottom of the heap again. It’s so easy to overlook in a country with sanitary conditions as good as ours.”

February 6-----Jeff Caserotti
February 13-----Ed Miles
February 20-----Bill Smith
February 25-----Board Meeting – Market Street Culinary School – 7AM
February 27-----Steve Mitas

Today's Thoughts in Honor of

Inspire your Heart with Art Day – January 31

There are painters who transform the sun to a yellow spot, but there are others who with the help of their art and their intelligence, transform a yellow spot into the sun.

- Pablo Picasso (1881 – 1973)

National Freedom Day – February 1

"No kingdom can be secured otherwise than by arming the people. The possession of arms is the distinction between a freeman and a slave. He, who has nothing, and who himself belongs to another, must be defended by him, whose property he is, and needs no arms. But he, who thinks he is his own master, and has what he can call his own, ought to have arms to defend himself and what he possesses; else he lives precariously, and at discretion."

- James Burgh (1714 – 1775)

While Bubba and Billy Bob were in the local Wal-Mart, they decided to get in on the weekly charity raffle.

They bought five tickets each at a dollar a pop.

The following week, when the raffle was drawn, each had won a prize.

Billy Bob won 1st place- a year's supply of gourmet spaghetti sauce and extra long spaghetti.

Bubba won 6th prize - a toilet brush.

About a week or so had passed when the men met back at Wal-Mart.

Bubba asked Billy Bob how he liked his prize, to which Billy Bob replied: "Great!, I love spaghetti!

"Billy Bob asked Bubba "How 'bout you, how's the toilet brush?"
