Nancy Cowlshaw – Partners in Education MISD

The McKinney Independent School recently developed a new department in the district called Partners In Education. The district believes that community involvement is a vital component for success with each individual student. The Partners in Education program is designed to connect the community with the McKinney Independent School District through several programs.

Nancy Cowlshaw is the Partners in Education Specialist for McKinney ISD and oversees all of the programs, events and functions of the organization.

Flag Work Day and Partner Incentive Day May 2nd

While Rotarians are prepping their assigned routes on our May 2nd work day, participating partners have been asked to canvass their assigned routes and sell flag leases to those homeowners that have yet to sign up with a goal to have maximum participation in each neighborhood that we serve. This will help the partners and their leaders become familiar with their assigned routes before flag season and they will be able to earn extra money for their organization by selling flag leases. Each individual will receive \$5.00 per sale. Each participating group will also receive a \$50 gift certificate to The Academy as an incentive.

At 1:00 all Partners and Rotarians will meet at Towne Lake for a BBQ of Hot Dogs and Hamburgers to celebrate the beginning of our new Flag Season. A Flag orientation will be given by Bryan Northington for all flag partners prior to handing out the Incentive Awards.

Flag assignments will be handed out at the shed between 8:30 and 9:00 AM and the work day and sales will conclude at noon.

Last Weeks Meeting

At last weeks meeting Melanie Perkins, Executive Director of the McKinney Education Foundation spoke to our club about what the MEF has done and what their vision is for the future. She also brought one of the former MEF scholarship recipients who is now a teacher here in McKinney who spoke about how the MEF gave her the opportunity to be the first in her family to graduate from college and how that scholarship has impacted her life.

Today's Thoughts in Honor of

Hug a GI Day – March 4

"God of our fathers, who by land and sea have ever lead us to victory, please continue your inspiring guidance in this the greatest of all conflicts. Strengthen my soul so that the weakening instinct of self-preservation, which besets all of us in battle, shall not blind me to my duty to my own manhood, to the glory of my calling, and to my responsibility to my fellow soldiers. Grant to our armed forces that disciplined valor and mutual confidence which insures success in war. Let me not mourn for the men who have died fighting, but rather let me be glad that such heroes have lived. If it be my lot to die, let me do so with courage and honor in a manner which will bring the greatest harm to the enemy, and please, oh Lord, protect and guide those I shall leave behind. Give us the victory, Lord."

- **General George S Patton (1885 – 1945)**

Multiple Personality Day – March 5

"My significant other right now is myself, which is what happens when you suffer from multiple personality disorder and self-obsession."

- **Joaquin Phoenix (1974 –)**

Dental Work

A guy went to his dentist for a checkup, and the dentist saw that his dental plate was all corroded.

The dentist asked, "What have you been doing? Have you changed your diet or anything?"

The patient said, "I've discovered Hollandaise sauce and eat it every chance I get. Maybe that's what's causing the problem."

The dentist answered, "Oh, I see. In that case, I'll make you a new plate out of chrome."

The patient was puzzled. "Chrome? Why chrome?" he asked.

The dentist answered, "Because there's no plate like chrome for the Hollandaise."

Foundation honors four Korean couples

Health officials from Pakistan and Afghanistan endorsed joint strategies for stopping cross-border transmission of the poliovirus during a 10-11 February meeting in Islamabad, Pakistan.

"We need to consider Pakistan and Afghanistan as one block when it comes to fighting polio," said Dr. Altaf Bosan, head of Pakistan's polio eradication program, during the meeting. "Our issues and challenges are the same, and thus their solutions are similar."

The meeting also included representatives from three of the spearheading partners of the Global Polio Eradication Initiative -- the World Health Organization, Rotary International, and UNICEF -- and other nongovernmental organizations. Among the

participants were national PolioPlus committee chairs Abdul Haiy Khan of Pakistan and Dr. Ajmal Pardis of Afghanistan.

An important outcome of the meeting was an agreement to improve the condition and visibility of vaccination posts at border crossings. Dr. Rasheed Jooma, Pakistan's director-general of health, identified several strategies for achieving that objective, including:

- Joint appointment of community influencers to overcome security issues
- Microplanning of immunization efforts and mapping of border areas by the two countries
- Regular contact between health officials and exchange of technical data
- Assessing the need for new vaccination posts in border areas

The agreement comes at a critical time for both countries -- and the world -- in the battle to eradicate polio. Pakistan's health secretary, Sibtain Fazal Halim, emphasized the importance of engaging key religious leaders and tribal elders to negotiate access to areas with unimmunized children.

"The polio teams continue to strive for opportunities to immunize children whenever there is an ease in the situation," he said. "Protecting the health of our children is a collective responsibility."

Dr. Taufeeq Mashal, Afghanistan's director general of health, echoed those words, saying that security along the border has been a major obstacle to immunization campaigns. He said that health authorities are working to engage all stakeholders, including antigovernment elements, to reach the maximum number of children.

"The children of the region and the world look toward us for redoubling efforts to root out polio," said Mashal, adding that the two countries could expand their cooperation beyond joint health initiatives.

In Memory of Milton Kessel

Milton Kessel, a native Texan grew up in Slaton. After graduation from The University of Texas in 1942, he enlisted in the Navy, completing his Midshipman training at Columbia University. He was assigned to duty on small Landing Craft and served in the Mediterranean Theatre during the invasion of Sicily, Salerno, and Southern France. In 1947 he moved to Dallas and started a career in hardware and furniture retailing. After 41 years he joined the staff of the Retail Furniture Association in Dallas. He & wife Rose of 61 years have a son & 3 daughters, one of which is Diane, a Rotary Past District Governor living in Denver.

Milton joined the Rotary Club of Fair Park in 1959 and served as its President in 1965-1966. In 2008 he transferred to the Park Cities Rotary Club. He is credited with bringing the Youth Exchange program to District 5810 and served as District Chairman from 1979 to 1986. In 1989 he was our G S E Team Leader to Queensland, Australia before serving as District Governor 1990-91. He was the Father of District 5810 R.Y.L.A. having learned about the program while in Australia with Rose and 4 female GSE Team members. He edited 3 books about Rotary and he promoted math tutoring everywhere in the District when he was not doing the tutoring himself in

several elementary schools.

Milton was the first Rotarian in our District to receive the R. I. Service Above Self award.

Few Rotarians reach his true passion for all aspects of Rotary. He will be missed by all.
