Our Own Brian Loughmiller – Mayoral Candidate

My name is Brian Loughmiller and I am running for Mayor. In 1989 my wife, Donna, and I moved to McKinney to start our family and ultimately bring my law firm and mediation practice here. We now have three children attending middle school and high school in the McKinney Independent School District.

In 2002 I was elected to the McKinney City Council to represent District IV. I wanted to serve my community because as a homeowner and young family, like many of you, we had an interest in the vision for our city. We had similar goals as many of our friends that included: keeping a home town family environment, building a strong economic base, maintaining excellent schools and creating a vibrant park system with recreation opportunities.

Our Council elected me Mayor Pro Tem from 2004 to 2007. As Mayor Pro Tem, my job was to represent McKinney's interests on behalf of the Council in Washington D.C. and Austin on various local funding and economic development issues related to transportation, the airport and corporate expansion. During my tenure on Council some of our accomplishments included: reducing the tax rate, increasing the senior citizen tax exemption, increasing commercial property permits, increasing use of citizen focus groups, and televising Council meetings to provide more open government.

Working directly with citizens through homeowner meetings, responding to emails and phone calls was very rewarding. Open and transparent government includes being responsive to your concerns. Whether working to install traffic lights at busy intersections, meeting with residents on zoning issues, neighborhood safety meetings with the police, or meeting with concerned residents about neighborhood park construction, we worked together to shape our community.

District Assembly Chaired by Lyle Froese

The District Assembly annually provides incoming club leaders and other interested Rotarians with tools for successful planning the new Rotary year which begins 1 July, 2009. The assembly was chaired this year by Lyle Froese, District 5810 Trainer, and was conducted by the District for Rotary members as an important aspect of the Club Leadership Plan. The host club was the Rotary Club of Richardson and the location was Richardson High School. Almost 400 President-elects and other club leaders for

2009-2010 attended the District Assembly. The assembly included three general sessions, 26 breakout training sessions and 14 exhibit booths. Participants included incoming secretaries, treasurers, committee chairs, and many committee members. The Richardson High School Interact Club, the largest Interact club in our district, served breakfast and snacks as a fundraiser.

New Queen of Hearts Rule

Now Hear This: Here's another good reason not to miss The Rotary Club of McKinney Sunrise regular meeting! The Sergeant-at-Arms and the club Treasurer are announcing a new twist to our Queen of Hearts game for the remaining cards in the current deck. In order to freeze the winnings below \$600 per IRS guidelines, we will lock the pot at \$590 to the lucky winner who draws the Queen of Hearts. As added incentive to buy tickets, any person whose winning ticket number is drawn from the basket will receive \$50 cash on the spot AND a chance to draw the Queen of Hearts. We are still holding at \$1 per ticket or 6 tickets for \$5 with no limit on purchases. This game is a win for our club We Care Fund. Be there.

Today's Thoughts in Honor of

pi Day (why, because it's 3.14) – March 14

There was a blithe certainty that came from first comprehending the full Einstein field equations, arabesques of Greek letters clinging tenuously to the page, a gossamer web. They seemed insubstantial when you first saw them, a string of squiggles. Yet to follow the delicate tensors as they contracted, as the superscripts paired with subscripts, collapsing mathematically into concrete classical entities - potential; mass; forces vectoring in a curved geometry - that was a sublime experience. The iron fist of the real, inside the velvet glove of airy mathematics.

- Gregory Benford (1941 –)

The Ides of March – March 15

"It is easier to find men who will volunteer to die, than to find those who are willing to endure pain with patience."

- Julius Caesar (100 BC – 44 BC)

A newlywed farmer and his wife were visited by her mother, who immediately demanded an inspection of the place. While they were walking through the barn, the farmer's mule suddenly reared up and kicked the mother-in-law in the head, killing her instantly.

At the funeral service a few days later, the farmer stood near the casket and greeted folks as they walked by. The pastor noticed that whenever a woman would whisper something to the farmer, he would nod his head "yes" and say something. Whenever a man walked by and whispered to the farmer, he would shake his head "no" and mumble a reply.

Curious, the pastor later asked the farmer what that was all about. The farmer replied, "The women would say, 'What a terrible tragedy,' and I would nod my head and say, 'Yes, it was.' The men would ask, 'You wanna sell that mule?' and I would shake my head and say, 'Can't. It's all booked up for a year.'

Diverse clubs hold key to the future

On the outskirts of Amsterdam, 21 people gather at De Houten Vier restaurant each week.

The group includes members of Dutch, Moroccan, Surinamese, and Turkish descent. The 14 men and seven women range in age from 28 to 69. They come from various professional backgrounds; there are designers, hotel managers, and academics as well as lawyers and accountants.

Despite their differences, everyone has at least one thing in common: Rotary.

The newly chartered Rotary Club of Amsterdam-Arena exemplifies the diverse membership that Rotary International leadership has stated is necessary to keep the organization strong.

In November, the Board updated the RI [statement on diversity](#) to say, in part, "A club that reflects its community with regard to professional and business classification, gender, age, religion, and ethnicity is a club with the key to its future."

The Amsterdam-Arena club is based in the borough of Amsterdam Zuidoost, a community of about 80,000 situated in the city's southeast corner. Andro Bottse, the club's president, says the area is "multicultural and multiethnic by definition."

Club charter

A group of past district governors in Amsterdam determined through research that few residents of the borough had joined a Rotary club. With support from Jan Koster, past governor of District 1580 and a member of the Rotary Club of Amsterdam West, the new club was chartered in November.

Bottse, of Surinamese descent, says the club's diversity helps it reach out to the community.

"It helps that our networks extend to all levels of the community we serve, including grassroots organizations, businesses, and municipalities," he explains.

The club has focused on helping children, especially those with mental and physical disabilities.

"We want to serve our community by making dreams real for the children of Amsterdam-Zuidoost," says Bottse.

Except for Koster, who is an honorary member of the new club, the Amsterdam-Arena Rotarians are all new to Rotary.

"We have an open mind to new developments [such as] the way we raise funds and the way we serve," he says. "To me, it's all about enriching your life by meeting people from different backgrounds."

Bottse says his club would like to help other clubs increase their membership.

"I learned that many clubs in the area of Amsterdam have difficulties attracting new members even though they try very hard," he says. "Perhaps we can support them in their efforts."
