Today's Thoughts in Honor of

National Mom & Pop Business Owners Day – March 29

"We believe that there is one economic lesson which our twentieth century experience has demonstrated conclusively-that America can no more survive and grow without big business than it can survive and grow without small business.... the two are interdependent. You cannot strengthen one by weakening the other, and you cannot add to the stature of a dwarf by cutting off the legs of a giant."

- Benjamin Franklin (1706 – 1790)

National Doctors Day – March 30

"Sickness is poor-spirited, and cannot serve anyone; it must husband its resources to live. But health or fullness answers its own ends, and has to spare, runs over, and inundates the neighborhoods and creeks of other men's necessities."

- Ralph Waldo Emerson (1803 – 1882)

Six retired Irishmen were playing poker in O'Leary's apartment when Paddy Murphy loses \$500 on a single hand, clutches his chest, and drops dead at the table. Showing respect for their fallen brother, the other five continue playing standing up.

Michael O'Conner looks around and asks, 'Well, me boys, someone got's to tell Paddy's wife. Who will it be?' They draw straws. Paul Gallagher picks the short one. They tell him to be discreet, be gentle, don't make a bad situation any worse.

'Discreet??? I'm the most discreet Irishmen you'll ever meet. Discretion is me middle name. Leave it to me.' Gallagher goes over to Murphy's house and knocks on the door. Mrs. Murphy answers, and asks what he wants. Gallagher declares, 'Your husband just lost \$500, and is afraid to come home.'

'Tell him to drop dead!', says Murphy's wife. 'I'll go tell him.' says Gallagher.

Rotary Centers have potential to change the world

The Rotary World Peace Fellowships program makes a difference.

Colin Spurway, a 2003-05 peace fellow, says the program equipped him to make the world a more peaceful, just, and sustainable place.

Speaking to regional Rotary Foundation coordinators (RRFCs) during a training meeting in Chicago, Spurway thanked The Rotary Foundation for its support of the [Rotary Centers for International Studies in peace and conflict resolution](#), and he urged the RRFCs to promote them.

"Only Rotary has the combination of financial capacity, internationalism, patience, and worldview to invest in something as imaginative, hopeful, progressive -- but intangible -- as peace," he said.

Spurway, a native of Scotland, added that peace is not a goal that can simply be checked off a list. "Peace is a continuing process. It is slow, long-term work."

In introducing Spurway to the RRFCs, Duane Sterling, Rotary Centers Committee member and aide to the RI president-nominee, suggested that the peace studies program receives less publicity than it deserves.

"The Rotary Centers come in right behind polio in priority," said Sterling. "But we are not giving it the kind of attention we need to be giving it. The program has one of the greatest potentials to change the world for generations to come."

Spurway studied at the Rotary Center at the University of Queensland and spent his fourth semester at the University of California, Berkeley.

"My experience of the fellowship was made particularly rich by the semester in Berkeley," Spurway told the RRFCs. "But I know that I speak for the overwhelming majority of alumni when I say that the fellowship has proven to be of great value after graduation."

After managing peace-building and development programs for international charities in South and Central Asia, Spurway now works for the [BBC World Service Trust](#) in London as a manager for international development projects in Bangladesh.

He said the peace studies program contributes substantially to Rotary's image. It is also a feather in the cap of the participating universities.

Eddie Blender, Rotary Centers Major Gifts Initiative chair, said US\$40 million has been raised toward the goal of creating a [\\$95 million endowment fund by 2015](#) to sustain the program.

Alluding to a famous speech that Robert F. Kennedy made at the University of Cape Town, South Africa, in 1966, Blender called the approximately 400 graduates of the program "our ripples of hope. With them and with our peace centers, peace is possible."
