Ambassadorial Scholarships in District 5810

Ambassadorial Scholarships, The Rotary Foundation's oldest and best known program, was founded in 1947. Since then, more than 40,000 men and women from about 100 nations have studied abroad under its auspices. Today it is one of the world's largest privately funded international scholarships programs. The purpose of the Ambassadorial Scholarships program is to further international understanding and friendly relations among people of different countries and geographical areas. The program sponsors academic year scholarships for undergraduate and graduate students as well as for qualified professionals pursuing vocational studies.

While abroad, scholars serve as goodwill ambassadors to the host country and give presentations about their homelands to Rotary clubs and other groups. Upon returning home, scholars share with Rotarians and others the experiences that led to a greater understanding of their host country.

Interested applicants must apply for Rotary Foundation Ambassadorial Scholarships through their local Rotary club.

Powerful tornadoes devastate southern U.S.

In response to the deadly storms and tornadoes that swept across seven southern U.S. states on 27 April, The Rotary Foundation has established a disaster recovery fund to support long-term club and district projects in affected areas.

Clubs and districts can [donate](#) cash and District Designated Fund (DDF) allocations to the [Rotary Southern United States Tornado Disaster Recovery Fund](#). The deadline for contributing is 31 December.

At least 350 people were killed in the storms, which razed towns and caused between \$2 billion and \$5 billion in damages. Hundreds of thousands were left without power for several days.

The hardest-hit state was Alabama, with 250 deaths.

While tornadoes are common in the U.S. South, they are rarely this devastating, says Past RI President Glenn E. Estess Sr., a member of the Rotary Club of Shades Valley.

Since 27 April almost 30 tornadoes have hit Alabama, says Estess. "This is the worst destruction I've ever seen. Communities are completely destroyed," says Estess. "

Many local Rotarians are helping with immediate relief by volunteering with first-response organizations such as the Red Cross. Club members are also helping to clean up the debris, says Estess.

"Through all the damage and tragic loss of life, we are seeing a significant spirit of caring and desire to help our fellow man," he says. "Rotary will be there to help communities rebuild when many of these disaster relief organizations leave."

Past RI Director Mark Daniel Maloney, a member of the Rotary Club of Decatur, was stunned by the widespread damage.

"Driving through some of the communities, I realized the tremendous magnitude of the tornadoes. Chills went down my back when I saw the sheer destruction," he says. "There were areas where I couldn't see one vertical piece of construction."

Maloney says that two of the biggest long-term needs are educational opportunities for families and economic development.

"Economic development will be extremely important for towns, where many of the businesses were destroyed," says Maloney. "Our goal is to provide resources to those with innovative ideas that will help people get back on their feet."

District 6860 has established a donor advised fund to assist with relief and recovery efforts. District Governor John H. Valieant was forced to cancel the district conference, scheduled for 28-30 April, because of severe damage to the venue, Lake Guntersville State Park Lodge.

The district's disaster recovery committee will be reaching out to communities to assess the most pressing needs, says Valieant. "We'll be there for the long haul to lend a hand to help people rebuild their lives."

A macho young swimmer named Dwyer,
Really liked playing with fire.
One night in the dark
He swam with a shark,
And his voice is now two octaves higher.
