Guy Giersch – Historic McKinney

While McKinney leadership and residents are committed to our history, we are not alone. Our country sees the value of preserving our history. The preamble of the National Historic Preservation Act, passed by Congress in 1966, expresses the value our country places on historic preservation:

"The spirit and direction of the nation are founded upon and reflected in its historic heritage; the historical and cultural foundations of the nation should be preserved as a living part of our community life and development in order to give a sense of orientation to the American people."

The residents and leadership of McKinney understood the value of these principles and enacted ordinances in the 1980s, identifying historical resources that have meaning and value. The ordinances serve as tools to preserve our resources so they will provide information about our past for present and future generations.

Flag "Thank You"

"Thank you for getting the flag put out for Memorial Day! We were surprised and excited to see it, since we were late in getting signed up. We really appreciate it! SO SORRY for all the confusion! I promise to do better next year. I was just sure I had taken care of it, but I guess I just let it slip past me. You have been more than accommodating! - Thank you again, --Kay, Loyal Flag Subscriber"

"GUYS! Way to GO!! Woke up and my flag is strongly flying - thank you all for all you do!! I bragged on ya'all on Facebook! --Rick, a Loyal Subscriber"

"Thank you - the flag was put up yesterday afternoon. Thanks for this wonderful service! --Paula, a Loyal Subscriber"

"Thank you! We just moved back to TX from Maryland. We used to participate in the flag program when we lived here previously and we liked it. We closed on our house yesterday so we signed up as soon as possible. --Denise, a Loyal Subscriber"

"Thank you Sandy. We received a flag on Friday! Awesome! --Pam, a Loyal Subscriber"

"Thanks so much for confirming. I will certainly know better for next year (to sign up early.) It's such a wonderful service that you all do. Thanks so much!! Have a safe and enjoyable holiday weekend!! --Kim, a Loyal Subscriber"

"Our flag was just delivered, Yeah !! I appreciate all your help, my husband and I were so disappointed that we would be without a flag on this very special holiday. Thank you again, I promise this will be my last email ha/ha. --Brenda, a Loyal Subscriber"

Rotary Brings the World to Sydney

It may be the start of winter in Sydney, Australia, but things are heating up down under as more than 18,000 Rotary members from over 150 countries arrive for their biggest international event of the year, the Rotary Convention.

The four-day event, held 1-4 June, offers the perfect venue for our members, their families, and friends to experience the global reach of Rotary. Through workshops, special events, and social activities, attendees have the chance to discover and celebrate our members' diverse backgrounds and exchange ideas for making the world a better place.

"At a convention, for a few short days, we see a world where men and women from every corner of the globe come together to build peace, to serve others, and simply to enjoy one another's company," says Rotary President Ron Burton.

This year's convention highlights Rotary's progress in eradicating polio, providing clean water and improving sanitation, building peace, fighting poverty, and empowering our youth.

On 30 May, before the convention officially begins, we'll attempt to break Oprah Winfrey's world record for the most climbers on the Sydney Harbour Bridge at one time. The climb, which also seeks to break the current Guinness World Record for most flags flown on a bridge, is aimed at helping to raise awareness for Rotary's top priority: eradicating polio.

The world is this close to ending this disease once and for all, and Rotary's role in advocacy, fundraising, and education are key to our success. Former Paralympian and polio survivor Ade Adepitan is one of several keynote speakers who will inspire convention goers with his story. Dr. Bruce Aylward, assistant director-general for Polio, Emergencies, and Country Collaboration at the World Health Organization, will update attendees on our status in the fight to end polio.

The Water & Sanitation Rotarian Action Group is hosting its annual World Water Summit before the convention. The program focuses on collaborations and features prominent water experts including Dr. Braimah Apambire from the Center for International Water & Sustainability at the Desert Research Institute in Reno, Nevada, in the U.S. and Edward Kairu, executive director at Maji na Ufanisi in Nairobi, Kenya.

During the convention, Jack Sim, founder of the World Toilet Organization and the World Toilet College, will take to the stage to share his passion for improved sanitation. Sim

participated in last year's World Water Summit and is committed to getting people talking about a subject often considered taboo.

Other keynote speakers include:

- Gemma Sisia, founder of the School of St. Jude in Tanzania, sharing her ideas for fighting poverty through education
- Brett Lee, Australian cricket star and founder of Mewsic, a foundation supporting music centers for disadvantaged children in India

Workshops on topics ranging from child slavery to malaria and food security to peace and conflict resolution give Rotary members the opportunity to learn from experts in the field.

When the convention ends, Rotary members will leave the Sydney Olympic Park filled with inspiration, motivation, and information for creating positive change in their communities. What's more, they'll leave with a lifetime of memories and friendships that are uniquely Rotary.

Today's Thoughts in Honor of

World Environment Day – June 5

Unless someone like you cares a whole awful lot, nothing is going to get better. It's not.

- Dr. Seuss, *The Lorax* (1904 – 1991)

Best Friends Day – June 8

Friendship make prosperity more shining and lessens adversity by dividing and sharing it.

- Cicero (106 BC – 43 BC)

A priest, a doctor, and an engineer were waiting one morning for a particularly slow group of golfers. The engineer fumed, "What's with those guys? We must have been waiting for fifteen minutes!"

The doctor chimed in, "I don't know, but I've never seen such inept golf!"

The priest said, "Here comes the green-keeper. Let's have a word with him."

He said, "Hello George, what's wrong with that group ahead of us? They're rather slow, aren't they?"

The green-keeper replied, "Oh, yes. That's a group of blind firemen. They lost their sight saving our clubhouse from a fire last year, so we always let them play for free anytime."

The group fell silent for a moment.

The priest said, "That's so sad. I think I will say a special prayer for them tonight."

The doctor said, "Good idea. I'm going to contact my ophthalmologist colleague and see if there's anything he can do for them."

The engineer said, "Why can't they play at night?"
