The Four Way Test
of the things we think say or do....

1. Is It the Truth
2. Is It Fair to All Concerned
3. Will it Build Goodwill and better Friendships
4. Will it be Beneficial to all Concerned

Rotary Club of McKinney Sunrise, District 5810
Club Number 28762, Chartered May 22, 1992
P.O. Box 2244, McKinney, Texas, 75070

Humanity in Motion

Rotary International's more than 34,000 clubs in 200 countries and geographic areas draw on a wide range of volunteer talent and expertise to improve the quality of life for all people. Rotary members – business, professional and community leaders – work to address today's challenges, including peace and conflict resolution, disease prevention and treatment, water and sanitation, maternal and child health, basic education and literacy, and economic and community development.

Since 1985, Rotary members have contributed more than \$1 billion and countless volunteer hours to help immunize more than two billion children in 122 countries against polio. Today, there has been a reduction of 99 percent of polio cases. The ONE Campaign is an advocacy organization dedicated to the fight against extreme poverty and preventable disease, particularly in Africa. Co-founded by U2 lead-singer Bono and backed by more than two million members, ONE works with leaders of both parties to support proven, cost-effective ways to save lives and help people build sustainable futures. More about ONE can be found at <http://www.one.org>.

A key priority for ONE is ensuring that children worldwide have access to basic vaccines. The organization knows that childhood vaccines are not only of the most cost-effective ways to save lives and prevent disease for a lifetime, but essential for success in school and leading productive lives. Towards this end, ONE has launched a campaign to highlight the need for Americans to support making childhood vaccines available to children in the developing world. For more information about ONE's work around vaccines, visit <http://one.org/c/us/hottopic/3725/>.

We encourage you to inform clubs in your district that the opportunity for collaboration exists and to contact their local ONE chapter to see how you might best work together toward mutual goals. The contact information for ONE's Regional Field Directors is listed at: <http://one.org/us/actnow/>. In a letter similar to this one, ONE will encourage its chapters to contact local Rotary and Rotaract clubs and their corresponding District Governor. Through discussion, collaboration and joint cooperation, Rotary clubs and ONE can foster humanitarian ideals that result in tangible humanitarian successes. Together, we can work for the benefit of all.

The ONE Campaign is an advocacy organization dedicated to the fight against extreme poverty and preventable disease.....ONE works with leaders of both parties to support proven, cost-effective ways to save lives and help people build sustainable futures.

Proposed Member Approved for Publication

Dennis Snavelly has been approved for publication. Dennis Snavelly, President of Axiom Communications with the classification of Communication Services has been proposed by Lyle Froese. If there are no objections he will be inducted at our Installation Banquet.

Time To Ramp up the Fight Against Polio

The [Global Polio Eradication Initiative](#) (GPEI) has made significant progress since the launch of its new strategic plan and the bivalent oral polio vaccine last year. In India and Nigeria, the sources of all recent wild poliovirus importations into previously polio-free countries, the disease declined by 95 percent between 2009 and 2010.

A Rotarian immunizes a child in Moradabad, Uttar Pradesh, India. One of four polio-endemic countries (along with Afghanistan, Nigeria, and Pakistan), India has reported only one case of polio in 2011, as of 25 May. *Photo by Allison Kwesell*

The World Health Organization calls the progress encouraging, “but the job is not yet finished, and we must see this through to the end,” said its director-general, Margaret Chan, at the World Health Assembly in May.

In addition to the gains made by India and Nigeria, 15 countries in Africa have stopped outbreaks of the disease that started in 2009, reported the GPEI [Independent Monitoring Board](#) (IMB) in April.

The GPEI’s leading partner agencies -- the World Health Organization, Rotary International, the U.S. Centers for Disease Control and Prevention, and UNICEF -- and the Bill & Melinda Gates Foundation welcomed the report. They particularly noted the IMB’s assessment that polio eradication is “entirely feasible” and “desperately needed,” and that countries that are off track in meeting GPEI milestones can be brought back on track with support from national governments, donors, and the spearheading partners.

Among those countries is Pakistan, which launched the National Emergency Action Plan for Polio Eradication 2011 with the goal of halting transmission of the disease by the end of the year. Rotarians there are working “to cover every nook and corner of the country,” said Aziz Memon, chair of the Pakistan PolioPlus Committee. “We are committed to a polio-free Pakistan.”

The report also referred to an estimated US\$665 million funding gap through 2012 as the “single greatest threat to the GPEI’s success.” To help address the gap, the Gates Foundation has awarded two grants totaling \$355 million to Rotary in support of its work. Rotary has responded with [Rotary's US\\$200 Million Challenge](#), which will be completed on 30 June 2012; to date, Rotarians have raised \$173.2 million.

“The IMB clearly stated that all member states have decided together to eradicate polio, and that funding the effort should be a shared responsibility,” said Rotary Foundation Trustee Chair Carl-Wilhelm Stenhammar at a May meeting with Margaret Chan, Bill Gates, health ministers from polio-infected countries, and international development agency representatives. “We therefore invite donor governments from around the world to join the Bill & Melinda Gates Foundation and the ongoing commitment by Rotary’s 1.2 million members worldwide, and rapidly make available flexible funding critically needed to implement all activities of the strategic plan.”

The IMB's report concludes that polio eradication is feasible in the near future, but warns that the goal will only be achieved with "heightened attention" at all levels.

"If we fail, the disease will not stay at its current low level," said Bill Gates, speaking at the [RI Convention](#) in May. "It will spread back into countries where it has been eliminated, and it will kill and paralyze hundreds of thousands of children who used to be safe."

"We are at a crossroads right now," said Bruce Aylward, assistant director-general of WHO for polio eradication and related areas, at a [TED](#) talk in March. "We have a new vaccine, we have new resolve, we have new tactics. We have the chance to write an entirely new polio-free chapter in human history. But if we blink now, we will lose forever the chance to eradicate an ancient disease. End polio now."

June 30-----Installation Banquet – 6:30 PM at Eldorado Country Club
July 6-----Dark
July 13-----Bryan Northington
July 20-----Kris Falvo
July 27-----Ed Miles
August 3-----Juli Smith
August 10-----District Governor Bud McBrayer

Today's Thoughts in Honor of

Take Your Dog to Work Day – June 23

We are alone, absolutely alone on this chance planet: and, amid all the forms of life that surround us, not one, excepting the dog, has made an alliance with us.

- [Maurice Maeterlinck \(1862 – 1949\)](#)

Camera Day – June 29

We try to grab pieces of our lives as they speed past us. Photographs freeze those pieces and help us remember how we were. We don't know these lost people but if you look around, you'll find someone just like them.

- [Gene McSweeney](#)

A nervous young minister, new to the church, told the flock, "For my text today, I will take the words, 'And they fed five men with five thousand loaves of bread and two thousand fishes.'"

A member of the flock raised his hand and said, "That's not much of a trick. I could do that."

The minister didn't respond. However, the next Sunday he decided to repeat the text. This time he did it properly:

"And they fed five thousand men with five loaves of bread and two fishes."

Smiling, the minister said to the noisy man, "Could you do that, Mr. Perkins?"

The member of the flock said, "I sure could."

"How would you do it?"

"With all the food I had left over from last Sunday!"
