Club Assembly

The Four Way Test
of the things we think say or do....

1. Is It the Truth
2. Is It Fair to All Concerned
3. Will it Build Goodwill and better Friendships
4. Will it be Beneficial to all Concerned

Rotary Club of McKinney Sunrise, District 5810

Publicity Chair	Stacey Kemp
Rotary Foundation Chair	Fred Bahrenburg

We can be proud to have been an important part of Abigail Gibney's life. The funds our club raised through the flag lease program were used in part to give Abby a chance of a lifetime. It took only about \$950 to cover the Rotary Youth Exchange (RYE) program registration fee and the send-off to launch Abby on her way to France for a whole school year of experiences. Thanks also to her parents, Denis and Sharon Gibney, for allowing her to be selected as our outbound RYE student and for providing her travel expenses. All of this is a coordinated effort between Rotary clubs in two countries orchestrated by our Rotary District 5810. This is not a casual arrangement. A school year of life in another country with folks who do not always speak your language has to be a life changing experience. In her homecoming report back to our club last month, when asked how the RYE program has changed her, Abby said, "I'm now ready for the world." You had a part in that.

British ophthalmologist receives top Foundation alumni award

Dr. Harminder Singh Dua, an Indian-born ophthalmologist in Nottingham, England, received the 2012-13 Rotary Foundation Global Alumni Service to Humanity Award at the Rotary International Convention in Lisbon, Portugal, in late June. He was nominated for the award by District 3030 (Maharashtra, India).

In 1981, Dua traveled from India to Pennsylvania, USA, as a member of a Group Study Exchange team, sponsored by the Rotary Club of Nagpur South, Maharashtra. Recalling the flight that began his trip, from Bombay (now Mumbai) to New York, he said, "Traveling with the sun, we had 24 hours of daylight. Isn't that a wonderful thought: Let there be no darkness. I had unwittingly captured, at least in part, the spirit of Rotary and the spirit for which I would work for the rest of my life."

Dua, who is chair and professor of ophthalmology at the University of Nottingham, Queen's Medical Centre, has treated patients in the United Kingdom, India, and the United States and has shared his skills with students and colleagues around the world. Renowned as an authority on corneal disorders, he performs advanced surgeries.

While living in India, Dua performed thousands of free operations on poor patients with cataracts and glaucoma at free eye clinics sponsored by Rotarians and nongovernmental organizations.

"The poverty and simple lives of the villagers and the huge difference [the] operations made to them, and to the lives of children who had to spend time away from school to guide the people around, was plain to see," he said. "There was no escaping the enormity of their need and our [medical team's] ability to fulfill some part of it."

Rotary Club of Kyiv Mends Broken Hearts

The way Olena Ichnatenko tells it, her daughter has two fathers – her birth father and the doctor who gave her a second chance at life at the Ukrainian Children's Cardiac Center.

She was 10 days old when doctors operated to correct a congenital defect. Ichnatenko remembers the early days after her daughter was born in a different hospital: "We were told there that our child was dying and that is it." Only after she took Yaroslava to the cardiac center did she feel a bit of hope for her daughter's life. Yaroslava, who celebrated her ninth birthday this year, is one of the facility's many success stories.

Dr. Ilyya Yemets, a charter member of the Rotary Club of Kyiv, founded the center in 2003, but its beginnings trace back to the 1990s, starting with a visit from Australian Rotarians led by Past District Governor Jack Olsson. They had stopped in Kyiv on a trip to develop exchanges in non-Rotary countries and learned of the need to train surgeons specializing in pediatric heart conditions. In 1991, Olsson arranged for Yemets to train at a children's hospital in Sydney.

When Yemets returned to Kyiv, he established the first neonatal cardiac surgery department in Ukraine. The department got off to a humble start, housed in a couple of rooms as part of the Amosov National Institute of Cardiovascular Surgery, with equipment donated by Rotarians in Australia, among others. "I am pleased to say that many children were saved on that secondhand equipment," Yemets says.

In 1992, he performed Ukraine's first successful neonatal open heart surgery, on a 21-day-old baby. The Kyiv club was chartered that same year and took on Yemets' cause as its first service project.

Yemets pursued further training abroad between 1993 and 1998, working in Australia, Canada, and France. Back in Kyiv, he became chief of pediatric cardiac surgery at the Amosov Institute. In 2000, doctors performed 244 surgeries. By 2010, the number had increased to 1,231. "We operate on 10 to 11 patients a day," says Vladimir Zhovnir, the center's director. "The average age of a patient with heart disease who needs surgery is one year old."

The Kyiv club continues its close partnership with the center, providing equipment and donations of used furniture and other necessities, including 100 sets of sheets to outfit the beds in a new building. The club also sponsors opportunities for the specialists to receive further medical training.

"I'm very emotional about this," says Alexei Kozhenkin, a charter member and past club president. "It was the first project of the first Rotary club in Ukraine. It also turned out to be the most successful project."

Among many happy stories from the center, Yemets heard some great news last summer: "One girl, who was the third patient 20 years ago, during our period of establishing neonatal cardiac surgery, invited me to her wedding. That was exciting."

September 4-----District Governors Visit

September 11-----Carsons Crusaders

Sponsored by Chuck Koehler

September 12-----Flag Retrieval at the Flag Shed – 5:00 PM

Today's Thoughts in Honor of

Kiss and Make Up Day – August 25

The Argument from Intimidation is a confession of intellectual impotence.

- Ayn Rand (1905 – 1982)

Women's Equality Day– August 26

“Men should think twice before making widowhood women's only path to power.”

- Gloria Steinem (1934 –)

Two 90-year-old men, Phil and Joe, had been friends all of their lives. When it was clear that Phil was dying, Joe visited him every day. One day Joe said, "Phil, we both loved playing baseball all our lives, and we played all through high school. Please do me one favor: when you get to heaven, somehow you must let me know if there's baseball there." Phil looked up at Joe from his deathbed and said, "Joe, you've been my best friend for many years. If it's at all possible, I'll do this favor for you." Shortly after that, Phil died. A few nights later, Joe was awakened from a sound sleep by a blinding flash of white light and a voice calling out to him, "Joe, Joe ."

"Who is it," asked Joe, sitting up suddenly. "Who is it?"

"Joe -- it's me, Phil"

"You're not Phil . Phil just died."

"I'm telling you, it's me, Phil," insisted the voice.

"Phil Where are you?"

"In heaven," replied Phil. "I have some really good news and a little bad news."

"Tell me the good news first," said Joe.

"The good news," Phil said with joy and enthusiasm, "is that there is baseball in heaven. Better yet, all of our old buddies who died before me are here, too. Even better than that, we're all young again. Better still, it's always Springtime and it never rains or snows. And best of all, we can play ball all we want, and we never get tired." And we get to play with all the Greats of the past.

"That's fantastic," said Joe "It's beyond my wildest dreams! So what's the bad news?" "You're pitching Tuesday."
