Extreme Rotary Fellowship takes Rotary to the Skies

Rotarians Charles Ashcraft, David Cross, Eric Anderson, Nick Holda and their Executive Director Heather Jennings took to the skies the morning of Saturday, August 21, 2010. Joining them for support was President David Vilbig, Jim Struble, John Galvin and family members. Also joining them was Melinda Osburn, President of the Lakeway-Lake Travis Rotary

Club and her husband Tim. Our brave Rotarians geared up in their jumping suits, took the airplane ride 10,000 feet above the earth and jumped, free falling for about 60 seconds, flying at a speed of 189 miles an hour. Then after the free fall all pulled their cords, release the parachute and glided safely to earth. You have never seen such happy faces when their feet touched the ground. Rotarian, Nick Holda, who is an Ambassadorial Scholar Alumni, has jumped before and he jumped on his own after taking a 6 hour course that day. What a fearless individual! Afterwards the group met at the local BBQ place and enjoyed some good food, fellowship and laughs about the adventure had that morning. Everyone agreed this is something they would certainly do again.

Youth Programs Pave the way Into Rotary

Rotary youth programs have prepared Andrea Tirone well.

As a current Rotaractor, a past participant in her district's Rotary Youth Leadership Awards (RYLA) program, and a former Rotary Foundation Ambassadorial Scholar, she is hoping her experiences serve as a springboard into Rotary.

"In Rotary, I will have a variety of service possibilities available to me, locally and internationally," Tirone says. "There is so much diversity in the work Rotary does. It can give you exposure to so many different areas, and help you find what your interests really are." Tirone was introduced to Rotary during the District 7070 (Ontario, Canada) RYLA in 2004. She

describes it as one of the best weeks of her life, and says she was impressed by the planning that went into it.

"Learning about each other through different workshops and activities, I formed these incredible, lifelong bonds," she says. "I thought to myself, if Rotary can put on such an amazing week, then imagine what it would be like to be part of the whole organization."

Joining Rotaract

When she enrolled at the University of Toronto in the fall of 2004, she sought out its Rotaract club and joined, becoming club president in 2005-06. Her club volunteered in the community but focused much of its time and resources on raising funds for a literacy project in India, working with a sister club and Rotarians to help implement the effort.

"Being involved with Rotaract opened my eyes to the ability to connect with Rotaractors all over the world," says Tirone. "Finding out that Rotary has very strong ties to the rest of the world was very appealing."

In 2008, Tirone became an Ambassadorial Scholar, majoring in political science at the University of KwaZulu-Natal in Durban, South Africa. During that time, her host Rotary club helped establish the Rotaract Club of Durban Berea.

As an honorary member of the Durban Berea club, she embarked on an international project with 19 other club members, raising US\$2,000 to help renovate a school in Ponta do Ouro, Mozambique. The Rotaractors spent a week cleaning and painting classrooms and installing a vegetable garden.

Tirone says she plans on becoming a Rotarian but wants to stay in Rotaract as long as possible.

"Rotary for me is for life, so I want to be able to experience as much of Rotaract as I can," she says. "Because of it, I have friends all over the world."

Tirone says Rotaract is good for Rotary. "When it comes to encouraging new members or bringing in new and innovative ideas, Rotary can always rely on Rotaractors to be the people who bring those types of ideas to clubs."

Today's Thoughts in Honor of

Bald and Free Day – October 7

“It is foolish to tear one's hair in grief, as though sorrow would be made less by baldness.”

- **Marcus Tullius Cicero (106 BC – 43 BC)**

World Smile Day – October 7

Everytime you smile at someone, it is an action of love, a gift to that person, a beautiful thing.

- **Mother Teresa (1910 – 1997)**

The inscription on the metal bands used by the U.S. Department of the Interior to tag migratory birds have been changed. The bands used to bear the address of the Washington Biological Survey, abbreviated as

"Wash. Biol. Surv."

-- until the agency received the following letter from an unhappy camper: "Dear Sirs: While camping last week, I shot one of your birds. I think it was a crow. I followed the cooking instructions on the leg tag and want to tell you it tasted horrible."

The bands are now marked "Fish & Wildlife Service."
