Eldorado Country Club
McKinney, TX

Today's Program

Sponsored by Sandi Froese

Ted Cantrell

Board President
McKinney Education Foundation

The Four Way Test
of the things we think say or do....

1. Is It the Truth
2. Is It Fair to All Concerned
3. Will it Build Goodwill and better Friendships
4. Will it be Beneficial to all Concerned

Rotary Club of McKinney Sunrise, District 5810
Club Number 28762, Chartered May 22, 1992
P.O. Box 2244, McKinney, Texas, 75070

Ted Cantrell – MEF Board President

The speaker today is Ted Cantrell, President of the McKinney Education Foundation. Mr. Cantrell is a Financial Representative for Northwestern Mutual Financial Network, a privately-held business in the financial services industry. His office is located on the historic town square in the Ritz Building. Ted who is also a talented artist, was raised in New Hope, TX, graduated from McKinney High School, and earned his BA in Marketing at Baylor University. He is active as a community volunteer who is currently a board member and is a past president of the Samaritan Inn, which is the only homeless shelter in Collin County. Ted will give us an update on the programs and services provided by the McKinney Education Foundation, which was organized as a non-profit in 1992 to raise money for and award College Scholarships for deserving graduates of McKinney High Schools. Additional programs have been added such as fundraising for Classroom Teacher Grants and to fund three College Advisors. Also attending are MEF Staff members, Margaret Harsch, Director of Operations, and Ashley Sine, Program Coordinator. All are guests of Sandi Froese, who will introduce the speaker.

RYLA

The Rotary Youth Leadership Awards (RYLA) program is a signature program of Rotary International providing leadership development for high school juniors to prepare them for community service. The RYLA students attending today are Cassie Bell, Ashley Simo, Tyler Criss and A.J. Laudenslager, all seniors at McKinney North High School who attended RYLA camp last June and who are members of the Interact Club. With them are their parents, Principal Jimmy Spann, and Interact Faculty Sponsors Mrs. Tammy Saffell and Mrs. Carrie Dunn. All are guests of Lyle Froese, who is the Interact Chair.

Harvest Boxes

The Harvest Box Project was very successful. It will help some needful Meals On Wheels clients and ALSO was really good active FUN project for our Rotary families. Yes, we can improve it if we want to do it in the future, but this was a super first effort.

The Boxes were all delivered to a VERY THANKFUL Meals On Wheels staff on Thursday.
A BIG THANK YOU TO ALL THE MEMBERS AND FAMILIES FOR THE GREAT
WORK!!!!!!!!!!!!!!!!!!!!

Michigan club gives students a chance to explore their dream jobs

A vocational service program conducted by the Rotary Club of St. Joseph & Benton Harbor, Michigan, USA, is helping junior and senior high school students develop careers by connecting them with mentors who are leaders in industry.

Participants are selected by their schools and given the opportunity to explore their professional interests with behind-the-scenes visits to area businesses. They also meet one-on-one with mentors, who share their experiences and advise the students on how best to pursue their dream careers.

Since the club launched the [mentoring program](#) in 2008, Rotarians have put more than 300 students in touch with professionals including lawyers, doctors, a Fortune 500 CEO, broadcast journalists, police officers, and a professional football player. Two Rotarians accompany each student who meets with a professional. The students are then required to report on their experiences at a meeting of the Rotary club.

“This program leverages Rotary’s amazing network of professionals to help young people connect with their career interests,” says Jackie Huie, program chair and president of the St. Joseph & Benton Harbor club. “We have not had a vocation that we couldn’t find for a student.”

The experience gives teenagers a chance either to reinforce their career choices or to rethink them, says Huie.

Teri LaForest, a senior and a 2012 program participant, wanted to become a meteorologist. The club organized a meeting with a meteorologist at the local TV station. After the visit, LaForest concluded that that job might not be for her but that she still had a passion for environmental science.

Visit sheds light on career path

“It was really neat to be able to see the TV studio, an opportunity I would not have had without Rotary,” says LaForest. “Visiting the station actually made choosing a career easier, but tougher at the same time. I realized that I’m not very interested in the broadcast side of meteorology. The scientific side, however, I found very interesting. The experience got me thinking about possibly going into a field that combines engineering and environmental science.”

David Reimers, a second-year student at Michigan State University, met with Whirlpool Corporation CEO Jeff Fettig when he was a senior in high school. Reimers says that talking with Fettig confirmed his career choice, and he points to Whirlpool as the company he’d like to work for.

“I know for sure that business is the right field for me,” says Reimers. “In high school I was a bit naive thinking about the difficulty of actually becoming a CEO and the stress involved with the job. In college I have really tried to focus on the advice Mr. Fettig gave me, which was not to worry about your next job, just work as hard as you can at the job you have and the rest will take care of itself. If I don’t quite make it to the top I will be all right with that, as long as I have worked my hardest to get there. I now know that the only way to the top is from the bottom, and there are no shortcuts.”

Huie says the program’s success inspired the formation of the Interact Club of Saint Joseph - Benton Harbor in February. After just two weeks, the club membership grew to 60 students.

Huie says clubs from Scotland, New Zealand, India, Peru, and Japan have inquired about starting similar programs since she shared details about it with Rotarians at the 2012 RI Convention in Bangkok.

“This is a proven, successful mentoring initiative that directly links youth and communities with Rotary,” says Huie. “It’s attracting youth to Rotary and is a lasting catalyst for club revitalization, community relevance, and global membership growth.”

October 22-----Board Meeting – Market Street Culinary School – 7:00 AM

October 24-----Weldon Copeland

October 31-----Fred Bahrenburg

November 7-----Lyle Froese

November 14-----Stacey Kemp

Today's Thoughts in Honor of

Emergency Nurses Day– October 10

Nursing is an art: and if it is to be made an art, it requires an exclusive devotion as hard a preparation, as any painter's or sculptor's work; for what is the having to do with dead canvas or dead marble, compared with having to do with the living body, the temple of God's spirit? It is one of the Fine Arts: I had almost said, the finest of Fine Arts.

- Florence Nightingale (1820 – 1910)

Old Farmers Day – October 12

Let us not forget that the cultivation of the earth is the most important labor of man. When tillage begins, other arts will follow. The farmers, therefore, are the founders of civilization.

- Daniel Webster (1782 – 1852)
